DOTNET DEVELOPER

As an ASP.NET Core Intern, my primary goal is to enhance my practical experience, deepen my understanding of modern web development, and contribute to meaningful projects. I am eager to collaborate with experienced developers, refine my problem-solving skills, and apply my knowledge of C#, .NET, and API development to real-world applications. Passionate about clean code, scalable architecture, and continuous learning, I am committed to growing as a backend developer while bringing a fresh perspective to the team.
